**Northern Livestock Video Auction**

View online catalog and video at [www.NorthernLivestockVideo.com](http://www.NorthernLivestockVideo.com) **Sale will be Broadcast on Dish Network Channel 221 and will be on the Internet.** Registration to bid needs to be done prior to the sale. Call 1-866-616-5035 to Pre-register. Sale can be viewed on the internet with the option to use Northern Livestock's Sale Day Bid Line: 1-406-245-0889. To bid via the phone you must have a pre-registered buyer number. For more information call Northern Livestock Video Auction at 1-866-616-5035.

**Live Sale Audio**

Live sale audio will stream on [www.StevensonGenetics.com](http://www.StevensonGenetics.com).

**Sale Order**

Bulls will sell in consecutive catalog order. Females sell following the bulls.

**Terms and Conditions**

The cattle sell under the suggested terms and conditions of the American Angus Association.

**Sight Unseen Purchase Guarantee**

Sale Day Phone - (406) 423-7500. Buyers unable to attend the sale may call or send their bids to any of the Representatives listed or directly to Stevenson Genetics. We provide a complete satisfaction guarantee for cattle purchased in this manner. When cattle purchased "sight unseen" are delivered, the buyer can inspect the cattle. If they are not as represented, simply put them back on our truck.

**Transportation**

Billings and Great Falls are both served by several major airlines. Lewistown now services a direct flight from Denver with Great Lakes Air. Private planes may land at the Lewistown Airport. Please contact Stevenson Genetics in advance for transportation from the Lewistown Airport.

**Accommodations**

The following motels are located in nearby Lewistown. For reservations, contact either the Stevensons or the motel of your choice. Remember to ask reservation departments for Stevenson Genetics Sale rates.

Calvert.....	406-535-5411
Yogo Inn .....	1-800-860-9646
Super 8 Motel .....	406-538-2581
B&B Motel .....	406-538-5496

Hughes Mountain Ranch (Stanford) .....	406-566-2640

**Announcements**

Announcements from the auction block take precedence over any printed material.

**Herd Health**

All cattle will sell with proper health papers for interstate shipment.

**Genetic Defects**

**All bulls are tested or pedigree proven AMF and NHF.**

**Payment**

Payment is due in full sale day unless prior arrangements have been made. Interest will be incurred on over due accounts. Even if an invoice is to be sent, please check in at the office.

**Delivery**

See our new bull and commercial female delivery policy on page 3. For all cattle purchased over the phone or through Northern Livestock, Stevenson Genetics will be in contact following the sale to arrange delivery and payment.

**Inspection of Cattle**

Our cattle are available for inspection at the ranches any time. We invite you to come before the sale to visit, see the sale cattle and view our cow herds.

**Food**

Breakfast, lunch and dinner will be provided all day sale day.

**Terms and Conditions**

The cattle sell under the suggested terms and conditions of the American Angus Association.

## INSURANCE

The insurance companies that we have worked with the last few years have discontinued "loss of use" coverage.

With the reality that sometimes young bulls become injured during their first breeding season, we have worked to come up with a fair and reasonable way to share the risk with our bull customers. With customers that wanted the "loss of use" insurance we shared one-half the premium cost for coverage on the bulls to lower your risk. We have decided to continue sharing one-half the risk during this transitional period with the breeding guarantee described to the right.

Mortality insurance will still be available. An insurance representative will be here on sale day to help you with your insurance needs.

## FIRST YEAR BREEDING GUARANTEE

All bulls selling for \$2000 or more will be covered 50% by Stevenson Genetics if they are injured during their first breeding season and not able to return to service during that first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bulls.

50% of the value of the injured bull, minus one-half salvage value, will be given as credit in a future sale or toward a replacement bull if one is available. Salvage value, if any, will be split equally between Stevenson Genetics and the buyer. All injured bulls must be diagnosed by a veterinarian. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. All claims must be made by September 1, 2010.

*Example 1:* A \$5,000 bull is injured, a credit of \$2,500 minus one-half any salvage value will be given to the buyer.

*Example 2:* A \$2,000 bull is injured, a credit of \$1,000 minus one-half of any salvage value will be given to the buyer.

*Example 3:* A \$1,750 bull is injured, no credit is given. Buyer retains all salvage value.

## How to Read the Information Printed with Each Sale Lot

Expected Progeny Difference (EPD) is the estimate of how future progeny of each sire are expected to perform in each of the traits listed. We have calculated interim EPDs for cattle that do not yet have official EPDs. EPD is expressed in pounds, either plus or minus. For example, when used on the same cows, calves sired by a bull with a +40 weaning EPD should average 10 pounds more than those sired by a bull with a +30 weaning EPD.

**Birth (BW) EPD**  
is a predictor of progeny birth weight attributed to the parent.

**Weaning (WW) and Yearling (YW) EPDS**  
are predictors of the animal's ability to transmit weaning growth and yearling growth to its progeny.

**Milk EPD** is a predictor of an animal's genetic merit for milk and mothering ability.

CE	★★★	Birth Weight	84	205 Weight	739	365 Weight	1318
		Marb	+.45	RE	+.30		

**EPDs for Carcass Merit based on the Ultrasound Evaluation System**

**Marb EPD**  
Marbling EPD (Marb), expressed as a fraction of the difference in USDA marbling score of a sire's progeny compared to progeny of other sires.

**RE EPD**  
Ribeye Area EPD (RE), expressed in square inches, is a predictor of the difference in ribeye area of a sire's progeny compared to progeny of other sires.

**Calving Ease Rating (CE)**

- ★★★★ Excellent calving ease, use with confidence on any type of heifers.
- ★★★ Superior calving ease, should work with most heifers and most situations.
- ★★ Moderate calving ease, most people will use these bulls on cows, but they can be used on heifers if calving ease is of less concern.
- ★ We recommend these bulls just for use on cows.

**Birth Weight (actual).**

**205 and 365 Weight** are weaning and yearling weights adjusted to 205 and 365 days allowing comparison of individuals.

# CATTLE DELIVERY

We are happy to announce that after 50 years of selling bulls, we are still delivering to Montana and surrounding states for free. We will be implementing a nominal delivery charge for the surrounding tier of states. Please refer to the map below to reference this charge. We would like to emphasize that we do our very best to keep delivery costs to a minimum and we are offering a volume discount if you can assist us with full loads.

We will continue to offer a pickup credit of \$50 a head for all bulls picked up within a week of our sale.

THE CHARGE WILL BE ADDED TO YOUR INVOICE AT CHECKOUT. If we deliver for less than the stated amount or a full-load discount applies, we will issue you a credit after delivery.

For buyers that have bulls wintered with us, we will honor the delivery policy as stated in the Fall 09 Sale Catalog. If you purchase additional bulls they will be delivered with your wintered bulls for free.

For bulls not delivered within 30 days of our spring 2010 sale we will charge a \$3.00 per head per day for feed.

The female delivery costs will remain Freight on Buyer.

We sincerely thank you for your cooperation and understanding. As always, customer service is a priority to us.

## Let Us Know . . .

In the interest of better serving you, our customers, we are making every effort to better expose Stevenson Genetics through our customers. We are constantly networking with many order buyers and feedlots, the next level of our segmented industry. Through a more collaborative working effort, between ourselves (the seedstock provider), yourself (the commercial producer) and the feeding sector; we can eventually close the gap and meet the demand for a more consistent and high quality product, our most rudimentary obligation.

**Let us know** when you get ready to market your calves. Whether you sell them in the country, through a barn or on the video, we can assist in your marketing needs and give you some added market exposure. Many feeders are looking to Stevenson Genetics for superior groups of cattle.

**Don't let 'em leave home without one!**

If you have calves to market, don't let them leave home without an AngusSource® tag. AngusSource adds value to your Angus-sired feeder cattle and replacement heifers by:

- Guaranteeing Angus genetics
- Verifying source and age
- Opportunity to qualify for Certified Angus Beef® regardless of hide color.

Visit [www.angussource.com](http://www.angussource.com)  
or call 816-383-5100 for more information.

## **D** 70 Head of Bred Cows

Late calving cows will be sorted into age groups sale day. Cows ready to calve for 45 day period, March 15 to May 1. Mainly registered cows being sold without papers or the \$250 option per head for papers. The pasture sires on this fancy set of cows includes, DIAMOND JUSTICE 901S, HA IMAGEMAKER 6550, and several sons of MONEYMAKER, BASIN MAX 602C, IMAGE MAKER, JUSTICE and SHEAR FORCE.

# 18 - 24 MONTH OLD BULLS

---

We have been developing and expanding our fall calving herd in order to provide more of these older age bulls for this spring sale each year.

The 18 month old bulls wintered in a 30 acre pasture with plenty of room to roam. The fall two year olds were held specifically for this sale. Many of them were used in natural service last year. Footnotes will indicate non-virgin bulls.

These bulls are guaranteed breeders. They have all passed a breeding soundness evaluation including a semen test. All bulls offered in the sale have tested BVD-PI negative. All non-virgin bulls are indicated in the footnotes and have been trich tested per current Montana requirements. Current weights and scrotal measurements will be available on sale day.

For buyers wishing to purchase closely related bulls, many full, three-quarter and one-half brothers are offered in this sale. This line-up includes:

21 sons and grandsons of COAL BANK

21 ON TARGET sons and grandsons

10 PAYWEIGHT bred bulls

11 KING sons

RETAINED INTEREST – we are selling FULL POSSESSION and ½ REVENUE-SHARING INTEREST in every bull in this sale. The bull you purchase is completely in your control regarding how you handle the bull and your natural service use. You receive 100% salvage value of the bull. Retaining ½ revenue-sharing semen interest simply allows Stevenson Genetics the right to share in collection of semen, use of semen in our herds and the right to share in semen sale revenue if semen sales become a possibility.

Realistically, we will collect semen on a very small percentage of the bulls selling. It will be an even smaller number of bulls that will market semen. However, we realize that many promising bulls are identified after they have proven themselves in natural service. If you have any questions or concerns about our retained interest policy, please contact any Stevenson Genetics representative.

LOT 4's sire, IMAGE MAKER 0145 was used for his ability to produce excellent daughters and we are truly impressed with his first daughters that are calving now with excellent disposition, udders and ease of fleshing. LOT 4's donor dam comes from the high production BLACKCAP donor cow family and she is one of our best young cows. LOT 4 scanned a 109 IMF and 103 REA ratio. LOT 4 and his full brother LOT 5 saw natural service together in a large pasture with a set of commercial cows on the Diamond Dot and they came back in excellent shape.

LOT 4 and LOT 5 come from Diamond Dot's top BLACKCAP donor cow family that has produced our past high maternal herdsire DIAMOND RAINMAKER 154E, and top selling bulls, the \$18,000 BASIN DIAMOND MAX 815D, \$12,000 DIAMOND DATELINE 5072, \$12,500 DIAMOND DIRECT DEPOSIT, and the \$13,000 DIAMOND PAYLOAD 982S. LOT 5 scanned a 107 REA ratio and his dam has recorded 15 REA 107 and her grandam was a top carcass cow recording 35 IMF 104 and 34 REA 103. LOT 5 was used in natural service in the 2009 breeding season at Diamond Dot.

LOT 7 is a product of our embryo program. His dam comes from the high marbling TROJAN ERICA cow family and is backed by generations of donor cows including the most influential all time donor cow at the Diamond Dot, DIAMOND TROJAN ERICA 924L that produced several donor daughters and several bulls that were used in our program. She has left an impressive production record of 4 NR 107, 4 YW 102, 65 IMF 107 and 65 REA 104. The dam of LOT 7 has a production record of 30 IMF 102 and is a full sister to our herdsire DIAMOND BUSHWACKER 9095. Several of her sons were a highlight of our fall production sale. LOT 7 was used in natural service at Diamond Dot in the spring 2009 breeding season.

LOT 6 is similar in pedigree to our high selling bull in the spring 2009 production sale, combining the outcross ABS sire GT SHEAR FORCE on a MAX, NEW DESIGN bred female. LOT 6 had impressive scan ratios of 146 IMF and 117 REA ratio and ranks in the top 15% and top 35% of the breed for these traits. He also recorded a 123 WR and 113 YW. LOT 6 saw heavy pasture use in the spring 2009 breeding season cleaning up after AI on a large group of our top registered cows including several past donor cows.

A well balanced ON TARGET grandson by a strong production 654X daughter.

# YEARLING BLACK ANGUS BULLS

---

These Yearling Angus Bulls represent our most progressive genetics born in 2008. This offering is comprised of the January and February bull calves out of our first calf females, select ET bulls saved for this sale, and bulls raised from cows outside of the headquarter ranches near Hobson. Bulls born after March 1<sup>st</sup> are saved to be developed and sold as two-year olds.

These calves were raised from birth to weaning with no creep on each respective ranch. After weaning, the bulls were fed separately on different high roughage growing rations and brought together prior to the sale. Thus, weights between the ranches and different contemporary groups is not an accurate comparison.

Weaning weights were taken in late September and yearling weights were taken the last week of January. Complete performance information is provided for each bull. An explanation of the performance information is printed on page 2. The ultrasound EPDs listed in the catalog are the current EPDs after scanning.

These bulls are guaranteed breeders and have all passed a breeding soundness exam including a semen test. Scrotal measurements will be available sale day.

**RETAINED INTEREST** – We are selling FULL POSSESSION and 1/2 REVENUE-SHARING SEMEN INTEREST in every bull in this sale. The bull you purchase is totally in your control regarding how you handle the bull and your natural service use. You receive 100% of the salvage value. Retaining a 1/2 revenue-sharing semen interest simply allows Stevenson Genetics the right to share in collection of semen, use of semen from the bull in our herds and the right to share in semen sale revenue if semen sales become a possibility on the bull.

Realistically, we will collect semen on only a small percentage of the bulls selling. It will be an even smaller number of bulls that will develop a market for semen sales. However, we are retaining an interest in every bull because we might identify the next great bull after he has sold, often later in life, after he has proven himself in the breeding pasture. If you have any questions or concerns about our retained interest policy, please talk to any of us listed as representatives on page 1 of this catalog for further explanation.
