Delivery

See our bull delivery policy on page 6. For all cattle purchased over the phone or through Superior, Stevenson Angus will be in contact following the sale to arrange delivery. Full payment required before delivery of cattle.

Payment

Payment is due at time of sale and no livestock shall be delivered until payment is received in full or other arrangements are made in writing. In the event Seller incurs attorney fees and costs for collection of payment, Purchaser shall pay the purchase price, interest at the statutory rate and all costs and attorney fees for collection. Past due accounts will be subject to 2% interest per month.

Inspection of Cattle

Our cattle are available for inspection at the Ranch any time.

Food

Lunch will be served on sale day.

Terms and Conditions

The cattle sell under the suggested terms and conditions of the American Angus Association.

Sale Location

Sale held at the Home Ranch, 350 JRS Lane, 1.5 miles south of Hobson. See map back cover.

Sale Order

Cattle will sell in consecutive catalog order.

Sight Unseen Purchase Guarantee

Sale Day Phone - (406) 423-7500. Buyers unable to attend the sale may call or send their bids to any of the Representatives listed or directly to Stevenson Angus. We provide a complete satisfaction guarantee for cattle purchased in this manner. When cattle purchased "sight unseen" are delivered, the buyer can inspect the cattle. If they are not as represented, simply put them back on our truck.

Announcements

Announcements from the auction block take precedence over any printed material.

Herd Health

All cattle will sell with proper health papers for interstate shipment.

Home of America's

Longest Established Annual Bull Sale

Fellow Cattlemen,

It is with great pride and appreciation that we invite you to our Annual Spring Production Sale. Grandpa Jamie purchased his first Angus heifers 70 years ago, in 1947 and with that the start of Stevenson Angus Ranch. This will mark our 57th consecutive year of bull sales.

In that span of time, we've seen a lot of changes within the industry and the Angus breed. Some trends were short lived and fads came and went. The overwhelming mainstay and strength of the entire industry eventually realized the importance, value and functionality of the Angus cow. Nothing is more important, period. Combine that with the ongoing evolution of performance and genomic data, the industry has created a fast paced, new age generation of cattle.

That being said, the attention to the basic functional traits of foot soundness, disposition, fleshing ability, fertility and maternal function are more important today than ever. There's a lot of fancy data in the business today. We don't formulate mating decisions by lining up the math, but rather aim to be complimentary with multiple traits considered, both phenotype and genotype. We aim for optimum balance and this offering represents our best effort thus far. We could not be more proud and more confident with our herd's progression. The fact is these cattle can do more, faster than ever before. Balance that with disciplined stockmanship and you can literally see the transformation taking place.

Most everyone has heard the quote "tough times don't last, but tough people do." It'll sure help if you've got the right genetics or more so the right cows to pull you through. No doubt, agriculture is being challenged, however be assured the new generation Angus will get you further, faster.

This is an exciting set of bulls to sort through with several herd bull prospects. There is a large selection of calving ease bulls, performance cattle all with attention to carcass merit. With the ongoing interest for mature bulls, we've grown a nice set of Two-Year-Olds for this offering as well.

We're extremely confident with this offering and certain you will be as well! We truly welcome your visit and appreciate your continued support and interest.

Driving the science of better breeding

There's little room for error in the cattle business. Producers need the most advanced information to make smart selection decisions, and Angus Genetics Inc. (AGI) provides it through genomic-enhanced expected progeny differences (GE-EPDs).

GE-EPDs have become the industry standard for herd improvement, building on decades of science-backed genetic evaluation tools originated and maintained through the American Angus Association®, home to the largest and ever-growing single-breed beef cattle database.

EPDs that traditionally contained all pedigree, performance and progeny information now also include results from available genomic, or DNA, tests. Breeders who use genomic technology give buyers access to AGI-generated GE-EPDs that provide:

Increased predictability and decreased risk for young and unproven animals due to enhanced accuracy of EPDs

Better characterization of genetics for difficult-to-measure performance traits (such as carcass traits, maternal traits and feed efficiency)

The ability to make more rapid progress for traits that are important to you, due to:

- more accurate selection
- easier identification of genetic outliers
- the ability to propagate young animals with confidence earlier in their lives

In fact, GE-EPDs on unproven animals have the same amount of accuracy as if they had recorded 8-20 calves, depending on the trait. That's valuable insight, offered regularly through the breed's weekly national cattle evaluation.

Trait	Progeny Equivalent	Trait	Progeny Equivalent
Calving Ease Direct	21	Docility	12
Birth Weight	13	Heifer Pregnancy	10
Weaning Weight	19	Mature Weight	13
Yearling Weight	22	Carcass Weight	10
Milk	14	Carcass Marbling	9
Yearling Height	11	Carcass Rib	11
Yearling Scrotal	14	Carcass Fat	12
Dry Matter Intake	18		

How do you know if EPDs are genomic-enhanced?

Ask your breeder, refer to the registration paper, or look for the AGI GE-EPD logo or those of partnering labs Zoetis (HD50K, i50K) or GeneSeek (GGP-HD, GGP-LD). These images indicate animals for which low-density or high-density genomic testing has been conducted and incorporated by AGI into GE-EPDs.

www.angus.org

HOW TO READ THE SALE LOT INFORMATION

Expected Progeny Difference (EPD) is the estimate of how future progeny of each sire are expected to perform in each of the traits listed. EPD is expressed in pounds, either plus or minus. For example, when used on the same cows, calves sired by a bull with a +50 weaning EPD should average 10 pounds more than those sired by a bull with a +40 weaning EPD. We have calculated interim EPDs for cattle that do not yet have official EPDs. EPDs are current as of catalog printing. Updated EPDs can be viewed at www.angus.org

Calving Ease Direct (CED) EPD

is expressed in percentage of unassisted births, predicting the average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers.

Birth (BW) EPD

is a predictor of progeny birth weight attributed to the parent.

Weaning (WW) and Yearling (YW) EPDs are predictors of the animal's ability to transmit weaning growth and yearling growth to its progeny.

Milk EPD is a predictor of an animal's genetic merit for milk and mothering ability.

Scrotal Circumference (SC) EPD, expressed in cm., is a predictor of the difference in transmitting ability for scrotal size compared to that of other sires.

TOP 25% CED	TOP 4% BW	TOP 4% WW	TOP 10% Milk	
TOP 4% YW	TOP 10% Marb	TOP 15% RE	TOP 1% \$W	
TOP 2% \$F	TOP 15% \$G	TOP 1% \$B		

Index values are expressed in dollars per head

Weaned Calf Value (\$W) is the expected average difference in future progeny performance for preweaning merit and includes both revenue and cost adjustments associated with differences in birth weight, weaning direct growth, maternal milk and mature cow size.

Feedlot Value (\$F) is the expected average difference in future progeny performance for post-weaning merit compared to progeny of other sires.

Grid Value (\$G) is the expected average difference in future progeny performance for carcass grid merit compared to progeny of other sires.

Beef Value (\$B) is the expected average difference in future progeny performance for post-weaning and carcass value compared to progeny of other sires.

Marbling (Marb) EPD

is expressed as a fraction of the difference in USDA marbling score of a sire's progeny compared to progeny of other sires.

Ribeye Area (RE) EPD,

expressed in square inches, is a predictor of the difference in ribeye area of a sire's progeny compared to progeny of other sires.

Fat Thickness (Fat) EPD,

expressed in inches, is a predictor of the differences in external fat thickness at the 12th rib of a sire's progeny compared to progeny of other sires.

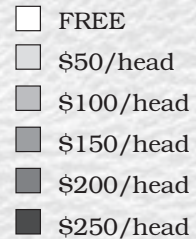

Calving Ease Rating (CE)

- ★★★★ Excellent calving ease, use with confidence on any type of heifers.
- ★★★ Superior calving ease, should work with most heifers and most situations.
- ★★ Moderate calving ease, most people will use these bulls on cows, but they can be used on heifers if calving ease is of less concern.
- ★ We recommend these bulls just for use on cows.

Bull Delivery

The delivery cost will be added to invoice at check out.

To our neighbors to the north, we are happy to bring you your bulls, however due to increasing scrutiny at the border, having the Canadian resident present, eases the process. If meeting at the border is not possible, we ask to share in a portion of crossing fees. For that reason, we are charging \$100 to our Canadian friends. Thank you for understanding.

Applicable credits honored from our Breeding Guarantee are to be used within one year of submission.

STEVENSON ANGUS RANCH

REWARDS

We would like to offer two forms of discounts, one to our faithful year-in and year-out customers and the other to our volume purchasers.

LOYALTY REWARD

We would like to honor our customer's loyalty with a 5% discount on every bull purchased by any single customer that has purchased bulls in TWO consecutive sales prior to this offering. In order to qualify, purchases need to have been made from both of our sales in Hobson from the Spring 2016 and Fall 2016 offerings.

VOLUME REWARD

In respect to our volume purchasers, we would like to offer a 50% discount on delivery cost to buyers of 10 to 19 bulls. For anyone purchasing 20 or more bulls, complete delivery is for free.

Any and all discounts will only be honored with full remittance of purchase payment on sale day. Discounts are only applicable to bull sales. Female purchases are not subject to the Stevenson Angus Rewards offer.

Applicable credits honored from our Breeding Guarantee are to be used within one year of submission.

- Proven breed leading CED and BW EPDs, he's a sure-fire calving ease sire.
- Added muscle and shape, ROCKMOUNT adds performance and carcass.
- Daughters catching attention. Very consistent and nice fronted, he stamps them all the same.
- Family history – as the last son of one of the truly powerful cows of the breed, ROCKMOUNT is also a maternal brother to STEVENSON HERO I216U and STEVENSON CE DELUXE 1914.
- Commercially driven, his sons are consistently proving to be the top selling sire group for Stevenson Angus.
- Customer satisfaction, every AI project and ROCKMOUNT bull customer have come back for more!
- Good feet, the older he gets, the more impressive he becomes!
- ROCKMOUNT is drawing attention near and far, proving to be our top seller domestically and internationally.
- Key contributor for ABS Global as a TOP TEN seller the last two years.
- Co-owned with ABS Global. Semen is available through ORigen, ABS or Stevenson Angus.

- Compelling outcross, REBEL is unmatched for uniqueness of pedigree, data and kind. He's the legitimate outcross the industry has been searching for, offering a pedigree that can be mated with virtually every common bloodline in America today. Mating flexibility is unlimited!
- Truly impressive phenotype, structure, disposition and scrotal development. Unmatched length of top, body dimension and muscle shape.
- Maternal strength, REBEL descends from a top cow family. His dam is a beautifully uddered, correct made DONE RIGHT daughter.
- Real time EPDs, no other outcross bloodline has proven to be as competitive for the birth to weaning EPD spread. Moderate BW with impressive growth, his progeny continually top their contemporaries.
- Very good feet, REBEL is structurally superb.
- First daughters are doing a tremendous job, well above average for production with beautiful udders and extra body length.
- Commercial demand, his sons averaged \$9,600 in the 2014 Stevenson Angus Fall Sale.
- High selling bull in Canada in 2012 at \$95,000.
- Co-owned with TC Ranch of NE, Green Angus of MT and Hamilton Farms of AB.
- Semen available through ORIGen and Stevenson Angus.

- Power and volume, 3181 is a new generation performance sire adding tremendous internal dimension and muscle.
- Very sound and athletic, he is an easy fleshing individual. An ideal bull in his working clothes.
- A growth trait leader for both WW EPD and YW EPD. Added muscle with extra RE EPD. Trait leading \$B.
- Tested against heavy weight AI sires, 3181's natural service calves continually top them all for performance.
- Initial progeny proof is very impressive; look for 3181 to be a big part of our future.

YEARLING BULLS

These yearling Angus bulls represent our most progressive genetics born and are primarily out of first-calf-heifers. We have tried to put together a large selection of calving-ease bulls for your next year's calf crop.

Weaning weights were taken in September and yearling weights were taken the last week of January. EPDs are accurate to the day of sale book production.

These bulls are guaranteed breeders. They have all passed a breeding soundness evaluation including a semen test. All bulls offered in the sale have tested BVD-PI negative.

RETAINED INTEREST – we are selling FULL POSSESSION and 2/3 REVENUE-SHARING INTEREST in every bull in this sale. The bull you purchase is completely in your control regarding how you handle the bull and your natural service use. You receive 100% salvage value of the bull. Retaining 1/3 revenue-sharing semen interest simply allows Stevenson Angus the right to share in collection of semen, use of semen in our herds and the right to share in semen sale revenue if semen sales become a possibility.

Realistically, we will collect semen on a very small percentage of the bulls selling. It will be an even smaller number of bulls that will market semen. However, we realize that many promising bulls are identified after they have proven themselves in natural service. If you have any questions or concerns about our retained interest policy, please contact Stevenson Angus.

- Herd bull, LOT 1 exemplifies our goal for optimum balance
- An ideal prospect for calving ease, he's also a multi-trait leader for performance and carcass merit
- Full brother to STEVENSON TURNING POINT one of the most talked about young bulls in the industry. TURNING POINT topped our Fall 2016 Sale for \$70,000 to the esteemed group of Genex CRI of WI, Conley Cattle of OK, Boyd Beef of KY, Penner Ranch of OK, Dameron Angus of IL, TC Ranch of NE, Thomas Angus of OR, Spur J Ranch of OK, and Trowbridge Angus of NY.
- Another full brother, STEVENSON WEIGH UP 60236 is featured at Conley Cattle of OK
- Maternal brother STEVENSON TEMPLETON 3308 topped our Fall 2014 Sale at \$28,000 to Vin-Mar Angus and is now featured with Beef 360
- From the herd bull producing PRIDE cow family, his dam and grandam are two of our all-time greats
- Dam is a sister to the ORigen/ABS featured sires ROCKMOUNT, HERO and CE DELUXE and she posts 4 NR 105, 4 YR 102 and 15 RE 103
- Grandam recorded 4 NR 103, 4 YR 111, 74 IMF 100 and 74 RE 102
- His sire WEIGH UP meets the mark with every measurable trait, progeny have a rapid early growth curve, proven to enhance carcass and are honestly sound
- Study his EPD percentile rankings, LOT 1 will cover a lot of bases with the right kind and leave a fantastic set of daughters

TWO YEAR OLD BULLS

These two-year-old bulls were selected last spring. With the ongoing interest for mature bulls, we've opted to increase our older bull offerings to better serve our customers. These bulls were raised from birth to weaning without creep. From weaning these animals were fed a high roughage growing ration.

The bulls were summered on pasture with NO supplement. We demand these bulls to be hardy and sound and develop them that way. No hoof trimming here.

These bulls are guaranteed breeders. They have all passed a breeding soundness evaluation including a semen test. All bulls offered in the sale have tested BVD-PI negative. All non-virgin bulls are indicated in the footnotes and have been trich tested per current Montana requirements.

RETAINED INTEREST – we are selling FULL POSSESSION and 2/3 REVENUE-SHARING INTEREST in every bull in this sale. The bull you purchase is completely in your control regarding how you handle the bull and your natural service use. You receive 100% salvage value of the bull. Retaining 1/3 revenue-sharing semen interest simply allows Stevenson Angus the right to share in collection of semen, use of semen in our herds and the right to share in semen sale revenue if semen sales become a possibility.

Realistically, we will collect semen on a very small percentage of the bulls selling. It will be an even smaller number of bulls that will market semen. However, we realize that many promising bulls are identified after they have proven themselves in natural service. If you have any questions or concerns about our retained interest policy, please contact Stevenson Angus.

- In a league of his own, TIPPING POINT is a multi-trait leader for calving ease, performance and carcass
- Outstanding EPD spread in a bull that looks the part. Honestly sound and impressively fertile freezing his first semen at eleven months of age
- Genomic standout, his i50K percentile rankings are the best we've ever identified
- Tremendous maternal from the herd bull producing PRIDE cow family
- Semen available through Genex CRI

- Ideal calving ease and performance, TEMPLETON will add substance and dimension
- A truly consistent breeder, sons and daughters all have the same look, deep sided and athletic
- Superb maternal, his daughters look to be outstanding. He is another product of the herd bull producing PRIDE cow family
- Semen available through Beef 360

- Truly a sight to behold, BIG RIVER captivates attention. Near flawless in kind he is super fronted, clean sheathed and naturally robust, seeming to be camera ready at all times
- Muscle and dimension . . . few bulls can match his shape and natural expression
- Balance . . . a multi-trait leader, BIG RIVER offers breed leading calving ease, performance, carcass and \$ values
- Semen available through ORigen, ABS or Stevenson Angus
