**Bred commercial females sell at  
8:00 a.m. MST on Tuesday, November 24**

### **Terms & Conditions for Bred Commercial Females**

1. Bred females will be sorted and sold according to age, size, ranch origin and calving date.
2. The buyer has the option of five head up to the entire grouped lot.
3. They have been set up with Preg Guard Gold 10 vaccine guidelines. Heifers received first shot prior to breeding and second shot after November 1. Cows receive annual booster shot after November 1.
4. They have been poured with Dectomax or Ivomec after November 1.
5. All females have legible BANGs tag numbers, silver identification tag or registration tattoos.
6. All females have documented ear notch biopsy BVD-PI negative results.
7. All females will be preg checked safe with calf, unless otherwise stated. They will be preg checked by a licensed veterinarian, prior to delivery.
8. All females are descended from Stevenson Genetics' bloodlines and bred to Stevenson Genetics bulls.
9. Females will be available for viewing in sale lots at Stevenson Genetics as early as November 16. They can be viewed at [www.NorthernLivestockVideo.com](http://www.NorthernLivestockVideo.com) on a per lot basis any time prior to the sale.
10. The commercial female sale will be conducted and clerked as a Northern event. Interested buyers must register for buyer numbers with Northern at 1-866-616-5035.
11. Delivery - Northern will oversee load out at delivery and payment upon delivery. Northern has the option as the buyer representative to sort back any cattle that "don't fit". Stevenson Genetics will assist with arranging trucks for delivery and providing appropriate health paperwork.
12. Delivery cost is at the buyer's expense.
13. Purchase payment is due on sale day.

Longest Established Annual Bull Sale

Fellow Cattleman,

We sincerely appreciate your interest in these bred females and certainly believe this offering emphasizes our foremost efforts in genetic progression. As in the past, our goal is to emphasize quality in volume. This is a premier set of females offering plenty of selection, outstanding cattle, flexible calving dates all following proper health protocol.

For a quick overview, this commercial bred female sale will offer several different age groups and calving intervals for your selection. Highlights would include:

- Bred to the best bulls in the industry. Featured sire matings would be to 21AR ROUNDUP, BIG SPREAD, DIAMOND JUSTICE 901S, ULTIMATE and COAL BANK.
- Synchronized and AI bred heifers grouped by size and calving dates. Calving dates start in January with several sets available calving into March.
- Synchronized and AI bred cows. Same as the heifers, they will be sorted according to age and calving date.
- Select groups of sexed bull or heifer calf pregnancies.
- Cows from all age groups – featured two and three year old cows. Running age cows as well.
- Pasture bred groups of heifers and cows. Bred to the same bulls as our registered females, both heifers and cows will be offered in sorted calving intervals.
- Select group of F1 baldy heifers out of our recipient cows and Line 1 Holden Hereford Bulls.
- One load of Red Angus mixed bred heifers and cows
- A few groups of these heifers and cows were sorted from our registered herds. Registration papers are available for an additional \$250 apiece. Contact us for further information.

The cream of the industry will be featured in this offering. We thank you in advance for your participation and look forward to seeing you on sale day.

Sincerely,

*The Stevenson Family*

Bred Heifers

**1 STEVENSON ANGUS RANCH**  
**45 BRED HEIFERS**

**Est. Avg. Wt:** 1155# **Origin:** Home Raised  
**Calving Due Date:** January 23, 2010 to January 27, 2010  
**AI Sires:** 21AR Roundup 7005, GAR Ultimate, Diamond On Track  
**Breed Type:** Purebred Angus heifers out of Stevenson Angus registered herd.  
**Buyer Option:** Buyer has option to take all or a minimum of 5 head.  
**Comments:** An excellent set of uniform Angus heifers. This is a powerful group of replacements, primarily AI bred to the featured ORigen calving ease, carcass and growth sire Roundup. About a quarter of the heifers are bred to low birth weight featured bulls Ultimate and On Track. These heifers are out of the registered Stevenson Angus herd.

**2 STEVENSON'S DIAMOND DOT**  
**80 BRED HEIFERS**

**Est. Avg. Wt:** 1070# **Origin:** Home Raised  
**Calving Due Date:** January 24, 2010 to January 29, 2010  
**AI Sire:** 21AR Roundup 7005  
**Breed Type:** Purebred Angus heifers out of Diamond Dot's registered herd.  
**Buyer Option:** Buyer has option to take all or a minimum of 5 head.  
**Comments:** A great set of heifers bred to one of the top young calving ease bulls of the breed. 21AR Roundup was the \$49,000 North Dakota Test sale topper, and will have a huge impact on the industry as he was our heaviest used bull and the top semen seller for ORigen. These heifers come right off our registered cows.

Bred Heifers

# C A RANCH

Page Anderson - 406.580.0487 mobile

The CA Ranch is a family owned and operated cow-calf operation with headquarters at Three Forks, Montana. The ranch runs approximately 2000 mother cows in Gallatin, Madison, and Meagher counties. Buck and Marcia Anderson purchased the ranch in 1959. It is currently managed by the next generation: Page, Frank, Kathy and Anita. Cattle are the primary business, although the ranch also runs a guided hunting camp for elk and deer.

The heifers offered in this sale are the result of a program which has focused on developing moderate framed, functional cows that can thrive in a low input, low labor operation. Cows are expected to winter on pasture, calve on their own and breed back while bringing in a superior calf. They have been handled on foot and on horseback. CA practices a strict culling program. Bad feet, udders, disposition, or mothering ability are culled without exception. Careful selection, combined with 16 years of an intensive AI program make this a superior offering of heifers backed by Stevenson genetics.

# Running W Cattle Company

Craig Winterburn - 406.459.6057 mobile

Craig Winterburn, president of Running W Cattle Company, prides himself in taking care of his ranch, his family and some of the best commercial cattle in the state of Montana. For the past twenty-five years Craig has purchased bulls from the Premier Seedstock Producer of Montana - Stevenson Genetics. Craig has purchased bulls with very strict criteria; finding a balance of raising a moderate-framed cow with good milk and longevity, that still produces an April calf weaning off at half the cows' body weight. Further criteria in bull selection are that they must have top carcass qualities, a large ribeye with high IMF and they must perform in the feedlot. Winterburn accomplishes this by rotating sire groups every three years. This takes not only a huge financial dedication, but a lot of hard work and a vision to look to the future and the goal of making the product that he raises better each and every year.

If you are looking for highly-uniform, moderate-framed replacement females from a long-standing program aimed at calving ease, high milking ability and carcass quality... these are the right kind.

Bred Heifers

## 18 STEVENSON'S DIAMOND DOT

### 59 BRED HEIFERS

**Est. Avg. Wt:** 1030#

**Origin:** home raised, Baker Ranch, Jordan and Cohagen, MT

**Calving Due Date:** March 10, 2010 for 20 days

**Pasture Sire:** Sons of the calving ease Diamond Bushwacker 9095

**Breed Type:** Angus heifers out of the Jim and Larry Baker commercial herd.

**Buyer Option:** Buyer has option to take all or a minimum of 5 head.

**Comments:** An excellent set of Eastern Montana heifers. This is the 18th consecutive year that Diamond Dot has purchased a group heifers from our friends and bull customers, the Baker family of Jordan MT. These heifers have proven to go anywhere in the country and make outstanding productive and efficient cows.

### RUNNING W CATTLE CO.

#### 110 BRED HEIFERS

**Est. Avg. Wt:** 1000#

**Origin:** Home raised

**Calving Due Date:** March 10, 2010 to March 25, 2010

**Service Sires:** sons of Mytty In Focus

**Breed Type:** Purebred Angus heifers

**Frame:** Medium

**Flesh:** Medium

**Feed:** Native fall pasture. Mineral and salt program.

**Buyer Option:** Buyer has option to take all or a minimum of 5 head.

**Comments:** An excellent set of March calving heifers from a program that concentrates on true moderate framed, high maternal genetics. For two decades the Running W has masterfully selected top end carcass genetics. These heifers will calve in a short time frame and the service sires used will ensure easy-calving with a quick and early growth curve.

**Tags:** Heifers are sold with gate sort.

**NOVEMBER 30, 2009**

**Stevenson Moneymaker R185**

Birth	Wean	Milk	Yrlg	Marb	RE	\$B
+3.7	+63	+25	+117	+45	+05	47.47

The bred heifers are a solid set of Angus and Angus-influenced heifers, raised on our ranches from the same bloodlines as our registered cattle. A select group of heifers will also be offered from some of our most progressive customers. Synchronized AI bred, primarily to 21AR Roundup and sell ultrasound pregnancy tested to calving date. The commercial cows to be offered will be sorted according to age group and calving date. The entire commercial female sale is being handled like a traditional Northern Video Internet sale. We are hosting the sale, but Northern will be conducting and clerking this portion of our sale. Interested buyers need to register with Northern prior to the sale.

150 Registered Females

★ **SELLING MONDAY NOVEMBER 30** ★

**Elite Donor Cows, Bred Heifers & Heifer Calves**
